cloud disaster recovery —at your fingertips

The iland Continuity Cloud lets you easily provision multiple replication targets with flexible, scalable standby resources to rapidly recover data and restore critical business services.

With geographically diverse datacenters in Boston, Washington D.C., Houston, Los Angeles, Dallas, and London, iland™ delivers cloud computing infrastructure to enterprises of all sizes. Our DR solution, the iland Continuity Cloud©, gives you not just multiple replication targets for your data—but an easy to test infrastructure solution and redundant, standby resources based on industry-leading VMware® solutions. Call us at +1.800.738.9628 or learn more about our solutions at iland.com.

See for yourself—test our DR solution. Visit iland.com/DRJ for details, or drop by SpringWorld 2010 booth #400
